**End Application:**

Ship, strainer

**Perforation Diameter:**

0.062 inches

**Perforation Quantity:**

144.0 per square inch

**End Connection Type:**

Plain all ends

**Filtering Media Design:**

Perforated

**Strainer Model Number For Which Designed:**

Nuflo ng67 200

**Material:**

Nickel alloy

**Material Specification:**

Qq-n-281 federal specification 1st material response or astm b127 assn standard 1st material response

**Style Designator:**

Cylindrical

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A523h0
