End Application:

Ship, hydraulic lines

Accessory Components And Quantity:

Nut 1, washer 1, o'ring 2

Product Name:

Union

Special Features:

Stainless steel material; second end has adjustable thread length due to nut and washer

Material:

Stainless steel

General Description:

Metric 18 x 1.5 millimeter external threads

Thread Size And Series/type Designator:

18x1.5 mm, iso 6149

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
