End Application:

Ship, strainer

Wire Diameter:

0.005 inches

Mesh Size:

100.0

End Connection Type:

Flanged 1st end

Filtering Media Design:

Mesh

Product Name:

Basket

Strainer Model Number For Which Designed:

S&p 135b 3 inch simplex

Special Features:

Basket with handle; 155 square inch surface; wire .0045 inch

Material:

Nickel alloy 400

Material Specification:

Qq-n-281 monel federal specification single material response

Style Designator:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A523h0
