Maximum Operating Temp:

300.0 degrees fahrenheit single response

End Application:

5410-01-441-8054; chemical biological protective shelt

Connection Type:

Threaded internal pipe 1st end

Nominallength:

2.200 inches

Product Name:

Connector, flange

Material:

Steel

Media For Which Designed:

Hydraulic fluid single response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
