End Application:

Ship, valve piping

Connection Style:

Plain (pipe) 1st end

Connection Type:

Unthreaded external hose 2nd end

Thread Size:

0.750 inches 1st end

Inside Diameter Hose Accommodated:

0.750 inches 2nd end

Pipe Wall Thickness Designation For Which Designed:

Standard 1st end

Product Name:

Garden hose fitting

Special Features:

Brass material

Material:

Copper alloy

Media For Which Designed:

Water single response

Thread Series Designator:

Npt 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
