End Application:

NSN:-23-200-1447

Inlet Location:

Right-hand side single inlet

Nominallength:

2.000 inches

Product Name:

Coupling, hose 3-inch cargo bay heater

Special Features:

Material: 26 guage galvanized or 24 guage s.C. Steel per astm a653

Material:

Steel

Material Specification:

Astm a653 assn standard all material responses

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
