End Application:

2350-01-390-4683

Product Name:

Coupling, test port

Special Features:

Temp: operating=-25 degrees f to 120 degrees f / storage = -28 degrees f to 160 degrees f. operating pressure: 6000psg. Fluid compatability: hydraulic fluid mil-prf-46170. Thread: -6 sae orb

Type/model Designation:

Style 1

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800

Mil-std (military Standard):

Mil-prf-46170 spec.
