**End Application:**

2350-01-390-4683

**Product Name:**

Coupling, test port

**Special Features:**

Temp: operating=-25 degrees f to 120 degrees f / storage = -28 degrees f to 160 degrees f. operating pressure: 6000psg. Fluid compatability: hydraulic fluid mil-prf-46170. Thread: -6 sae orb

**Type/model Designation:**

Style 1

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23800

**Mil-std (military Standard):**

Mil-prf-46170 spec.
