Thread Direction:

Right-hand

Mounting Type:

Outlet connection top

Body Length:

7.910 inches

Body Outside Diameter:

3.410 inches

End Application:

40 foot search boat

Filtering Element Quantity:

1

Mounting Facility Thread Size:

1.500 inches

Product Name:

Sediment strainer

Special Features:

30 gpm; .2 psi pressure drop at rated flow; body inner frame, end plates are zinc coated steel; outlet connection 1.5 inch npt

Material:

Stainless steel screening

Surface Treatment:

Zinc body

Style Designator:

Suction type blunt end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
