End Application:

2320-01-530-3843

Leg Length:

9.500 inches 2nd end

Flow Angle:

5.0 radians

Product Name:

Heater exhaust pipe

Material Specification:

Astm a53, grade b, type s assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
