End Application:

End item nsn: 2320-01-230-0307; m923 family of vehicles (includes m923a1 and m923a2)

Connection Style:

Plain (pipe) 2nd end

Connection Type:

Threaded internal pipe 2nd end

Thread Size:

0.375 inches 2nd end

Flange Face Design:

Recessed straight 1st end

Recess Diameter:

0.762 inches 1st end

Recess Depth:

0.107 inches 1st end

Material:

Steel thread piece

Material Specification:

Astm a36 assn standard 1st material response flange or astm a108 assn standard 2nd material response flange

Thread Series Designator:

Npt 2nd end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
