End Application:

Air subsystem

Connection Style:

Plain (pipe) 1st end

Connection Type:

Threaded internal pipe 1st end

Thread Size:

0.750 inches 2nd end

Pipe Wall Thickness Designation For Which Designed:

Standard 1st end

Product Name:

300 din to pipe adapter

Special Features:

Brass fitting for scuba gear; underwater safety critical

Material:

Copper alloy

Thread Series Designator:

Npt 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
