End Application:

Interim high mobility excavating equipment

Fastening Device Type:

Hexagon socket head

Special Features:

Belleville springs self adjust clamp; lined to protect hose; effective diameter 2.005 inch; effective diameter 3.000 inch; called constant torque clamp

Material:

Stainless steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A12700
