Tube Outside Diameter For Which Designed:

6.000 inches

Bolt Hole Quantity:

8

End Application:

Crastender eagle-6

Product Name:

Flange, pipe

Special Features:

Victaulic model 741; flange, 6"-grooved adapter ansi class 150; housing galvanized coated; seal material epdm; seal color code green stripe; seal temp range -30 to +230 degrees f; max workingpressure 300 psi; max end load 10, 350 lbs; bolt diameter 3/4 inch

Material:

Iron

Material Specification:

A-536, grade 65-14-12 assn standard single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23300
