Casehardening Indicator:

Not casehardened

Hose/tube Outside Diameter For Which Designed:

0.500 inches

Product Name:

Back ferrule

Special Features:

Operating temp 70 to 140 f; 275 maximum psig; material is perfluoroalkoxy

Material:

Plastic

Material:

Plastic

Style Designator:

Shouldered

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T385-j
