End Application:

Calorimeter; pipe line strainer; calorimeter hpdts ea-6b otps p6i8k0

Product Name:

Pipe line strainer

Special Features:

Forged brass body with stainless steel strainer element and ptfе seal; polytetrafluoroethylene; 0.500 inch pipe size; 2.6 cv flow factor; 100x100 screen mesh size; particle retention size 140 microns and 0.0055 inches; max fluid temp 400 degree f; 750psi safe working pressure

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
