Thread Direction:

Right-hand

Mounting Type:

Outlet connection top

Overall Width:

3.500 inches

Body Length:

5.000 inches

End Application:

General auxiliary systems

Filtering Element Quantity:

1

Product Name:

Bilge suction strainer

Special Features:

Cast bronze body with bronze bottom screen; 1.5 nps internal thread connection

Material:

Copper alloy body

Style Designator:

Suction type blunt end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A24000
