Connection Type:

Unthreaded external hose 2nd end

Thread Size:

0.190 inches 1st end

Nominallength:

0.500 inches

Product Name:

Adpt, br, 1t barb x 10-32

Special Features:

Wrenching facility is hex head 0.3125 across the flats; hole diameter 0.0468; installed height 0.3437; od on 2nd end is 0.075; 1st end is threaded external style 67a; 2nd end is unthread hose with a groove style 101c; comes with a viton o-ring

Material:

Copper alloy

Style Designator:

Plain w/ center wrenching facility

Thread Series Designator:

Unf 1st end

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
