**End Application:**

Air inflator

**Screw Thread Diameter:**

0.438 inches

**Screw Thread Series Designator:**

Unf

**Design Type:**

Single foot

**Thread Location:**

External

**Shank Type:**

Threaded

**Special Deflator:**

Not included

**Holding Clip:**

Not included

**Product Name:**

High pressure inflating connection

**Special Features:**

Attached to .305-23 inch valve steam threads; 15000psi rating; steel with copper sealing washer; torque to 75 in/lb

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T359-n
