End Application:

2320-01-549-8565, truck cargo

Maximum Operating Pressure:

3500.0 pounds per square inch

Product Name:

Manifold assembly hydraulic

Special Features:

Ambient operations form -50 to + 120 degrees f with a pressure releif of 4300 psig

Material:

Aluminum alloy 6061

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515e0
