Maximum Operating Temp:

350.0 degrees fahrenheit single response

End Application:

Riverine patrol boat

Connection Type:

Unthreaded external hose all ends

Flow Angle:

45.0 degrees

Outside Diameter:

5.000 inches all ends

Inside Diameter Hose Accommodated:

5.000 inches all ends

Product Name:

Elbow, wet exhaust

Special Features:

Blue silicone rubber; 45 degree elbow

Material:

Rubber synthetic elbow

Media For Which Designed:

Gas single response

Style Designator:

Elbow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
