End Application:

Joint vertical lift aircraft cv-22 (osprey)

Connection Style:

Swivel nut w/ compression sleeve (tube) all ends

Connection Type:

Threaded internal gas fitting all ends

Outside Diameter Tube Accommodated:

0.375 inches all ends

Product Name:

Union elbow-fractional

Special Features:

Body material stainless steel, both end connection sizes 3/8"; end connection types swaelok tube fitting; body type union elbow; hex fitting 11/16" hex; fittings inner diameter 0.28"; body 5/8" hex; fitting end to body conter radius 1.20"; 90deg elbow

Material:

Stainless steel body

Style Designator:

Elbow

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A080b0
