End Application:

Mrap - unique nsn - mrap no permanent wsdci identified

Connection Style:

Grooved

Body Core Diameter:

Between 31.4 millimeters and 31.9 millimeters

Head Core Diameter:

4.6 millimeters

Drive End Style:

Chamfered round

Body Type:

Cored

Product Name:

Retainer, heater pipe - 3/4

Special Features:

Alternate material is 0-200w cems a-0; part ii

Material Specification:

0-100w cems a-0 part ii mfr ref single material response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A208a0
