End Application:

2355-01-539-3639; lav 25a2 and 2355-01-539-3634, light armored vehicle - la2

Product Name:

Elbow-inverted flared tube 90 degree

Special Features:

length 0.940 in nom; diameter 1st end 0.530 in nom; diameter 2nd end 0.281 in nom; 1st end threaded internal tube with thread size 0.437 in nom and 24 threads per inch uns-2b; 2nd end unthreaded internal tube and threaded external pipe; 2nd end id 0.252 in nom; 2nd end outside thread size 0.125in nom and 27 threads per inch dryseal nptf; reduced inside passage 0.189 in nom; tube size 0.250 in nom

Material:

Copper alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
