End Application:

M8-light armored vehicle

Connection Type:

Internal quick disconnect all ends

Maximum Operating Pressure:

630.0 bar single response

Product Name:

Test coupling with protective cap

Special Features:

Connection thread m16 x 2

Material:

Steel

Media For Which Designed:

Hydraulic fluid, mineral base single response

Surface Treatment:

Chromate zinc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A531t0
