End Application:

2350-01-219-7577; carrier, personel, full tracked

Length:

1.140 inches 2nd end

Connection Type:

Threaded external tube all ends

Thread Size:

0.250 inches all ends

Outside Diameter Tube Accommodated:

0.375 inches all ends

Product Name:

45 degree straight thread elbow

Material:

Steel

Media For Which Designed:

Hydraulic fluid single response

Surface Treatment:

Zinc

Surface Treatment Specification:

Astm b633 assn standard single treatment response

Thread Series Designator:

Npt all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
