End Application:

Lightweight water purification system

Leg Length:

5.940 inches inlet

Connection Type:

Grooved coupling all ends

Nominallength:

9.030 inches

Product Name:

Tee assembly, ocean intake

Material:

Plastic

Media For Which Designed:

Water 1st response

Style Designator:

Threaded internal

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A080b0
