End Application:

3655-01-556-1083; generator-nitrogen

Connection Type:

Unthreaded internal pipe 2nd end

Product Name:

Tee fitting, brass

Special Features:

Membrane sub-assembly, 800-560

Material:

Copper alloy

Media For Which Designed:

Air 1st response

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
