**Thread Direction:**

Right-hand external

**Pipe Size For Which Designed:**

0.500 inches

**Connection Style:**

Plain

**Drive End Style:**

Hexagon

**Body Type:**

Solid

**Maximum Operating Pressure:**

6000.0 pounds per square inch

**Thread Size:**

0.500 inches external

**Material:**

Steel comp 304

**Material Specification:**

Astm a182, f304 assn standard single material response

**Thread Series Designator:**

Nps external

**Specification Data:**

96906-ms14304-6+08 government standard

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A208a0
