Thread Direction:

Right-hand external

Pipe Size For Which Designed:

0.500 inches

Connection Style:

Plain

Drive End Style:

Hexagon

Body Type:

Solid

Maximum Operating Pressure:

6000.0 pounds per square inch

Thread Size:

0.500 inches external

Material:

Steel comp 304

Material Specification:

Astm a182, f304 assn standard single material response

Thread Series Designator:

Nps external

Specification Data:

96906-ms14304-6+08 government standard

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A208a0
