Tube Outside Diameter For Which Designed:

0.375 inches

Maximum Operating Temp:

250.0 degrees fahrenheit

Connection Style:

Compression

Maximum Operating Pressure:

1000.0 pounds per square inch

Product Name:

45 degree flared brass compression cap

Special Features:

Thread 5/8-18 unf

Material:

Brass

Style Designator:

Cap

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A208a0
