| Overall Length: |
|--|
| 7.5 inches |
| Overall Height: |
| 8.750 inches |
| Product Name: |
| Vent cycle connection tc-a green |
| Special Features: |
| Function: the vent cycle connection is designed allow hrr chemicals to cycle from the chemical tote through the pumping system and back |
| into the totewith no exposure to moisture. This allows hrr to operate in a closed system while hrr pumps are checked and calibrated. This is |
| particularly critical during cold weather or times when the systems are running in preparation for operations. |
| Shelf Life: |
| N/a |
| Unit Of Measure: |
| |
| Demilitarization: |
| No |
