End Application:

Chemical biological protective shelter model 8e1

Outside Diameter Tube Accommodated:

1.60 inches all ends

Nominallength:

126.46 inches

Product Name:

Section, manifold, 4th beam to airlock

Special Features:

Inflation hose has a length of 124.0 inches.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
