End Application:
Chemical biological protective shelter model 8e1
Outside Diameter Tube Accommodated:
1.60 inches all ends
Nominallength:
126.46 inches
Product Name:
Section, manifold, 4th beam to airlock
Special Features:
Inflation hose has a length of 124.0 inches.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No

Fiig: A080b0
