Suction Strainer - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/4730-01-613-4763

End Application:
Steam turbine engine
Filtering Element Quantity:
2
Product Name:
Duplex filter
Special Features:
Straining material is of stainless steel wire cloth; housin (60-40-18) is full ferritizing anneal ductile iron; degreasing solvent per mil-prf-680
shall be noncorrosive to bearings; fluid temperature maximum is 100 to 136 deg.Fahrenheit
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A24000
Mil-std (military Standard):
Mil-prf-680 spec.
