Maximum Operating Temp:

0.1200 degrees fahrenheit single response

Flange Shape:

Hexagon all ends

Connection Type:

Unthreaded external hose 1st end

Inlet Location:

Left-hand side single inlet

Thread Size:

0.50 inches all ends

Coupling Flange Shape:

Hexagon

Outside Diameter Hose Accommodated:

0.25 inches 1st end

Product Name:

Bsppmale connecto (tube to male pipe)

Material:

Steel

Media For Which Designed:

Chemical single response

Style Designator:

Rigid, wrenching facilities each end

Thread Series Designator:

Bsp.Tr ext all ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A080b0
