End Connection Quantity:

10

Maximum Operating Pressure:

400.0 pounds per square inch

Product Name:

Junction block, drain

Special Features:

Length 6.62 inches; width 2.25 inches; compatible with hydraulic fluid per mil-h-5606, mil-h-46170 and dextron atf.

Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A515e0
