End Application:

Kettle stm jk

Maximum Steam Working Pressure:

50.00 pounds per square inch

Product Name:

Bucket, steam trap

Special Features:

Connection size: 0.50 inches; 150 wsp body rating; operating range: 5.00 psi to 50.00 psi; ductile iron construction; stainless steel ball and seat; 383.00 psi to 765.00 psi pounds condensated per hour;

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T359-b
