Body Length:

120.0 millimeters

Body Width:

70.0 millimeters

Body Height:

60.0 millimeters

End Application:

Boat, rigid i

Mesh Size:

20.0

Filtering Media Design:

Mesh single filtering media response

First Intake Connection Type:

Unthreaded external hose side

First Intake Inside Diameter:

0.750 inches

Product Name:

Bilge pumpgard strainer

Material:

Stainless steel screening

Media For Which Designed:

Water

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A24000
