Shank Length:

0.500 inches

End Application:

Specialty products

Screw Thread Series Designator:

Nptf

Pressure Relief Method:

Port end

Width Across Flats:

0.750 inches

Thread Size:

0.375 inches

Product Name:

Fitting assembly - straight

Special Features:

Item has 3/8-18 nptf x 1/4 inch push-to-connect ends

Height:

1.270 inches

Material:

Steel

Style Designator:

Straight

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A14800
