Center To Center Distance Between Bolt Holes Along Length:

231.80 millimeters

Flange Length:

253.00 millimeters

Flange Width:

24.50 millimeters

Product Name:

Flange, blind, ss type 304, 8"

Special Features:

Cf blind flange fixed stainless steel dn 200

Material:

Stainless steel

Special Test Features:

Dimensions in inches: flange width = 0.964", flange length = 9.960", length between flange bolt holes = 9.125"

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23300
