Tube Outside Diameter For Which Designed:

25.4 millimeters

Housing Material:

Steel

Segment Quantity:

2

Pipe Size Accommodated:

10.0 millimeters

Product Name:

Three beam flexible coupling

Special Features:

Bore 3mm to 12mm, clamp hub

Special Test Features:

Operating temperature -40 degree c to 120 degree c

Supplementary Features:

L: 31.8 mm and h: 8.4 mm

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T385-f
