Overall Length:

1.375 inches

Inlet Connection Type:

Threaded 1st outlet

Inlet Thread Direction:

Right-hand 1st outlet

Tube Quantity:

1

Body Shape:

Tapered

Inlet Thread Series Designator:

Npt 1st outlet

Outlet Connection Quantity:

1

Outlet Connection Type:

Flange 2nd outlet

Product Name:

Muffler

Special Features:

Body finish: nickel plated, element material: sintered bronze, element thickness: 40 micron, flow rate: 1.5 cv, hex size: 9/16", temperature-65f-300f, working pressure: 300 psi, product weight: 0.03 lbs

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T135-c
