End Application:

Aircraft type c-5a

Special Features:

Solenoid powered, 18 to 29 vdc operating voltage, 0.75 amps at 28 vdc maximum current drain, 3000 psi maximum operating pressure, m65 to p280 degrees f operating temp; cognizant service: air force

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506h0
