**Flow Control Device:**

Disk

**Flow Control Device Normal Operation Position:**

Closed

**Valve Operation Method:**

Solenoid

**Mounting Position:**

Horizontal or vertical

**Special Features:**

Designed for air

**Material:**

Copper alloy body

**Media For Which Designed:**

Air 1st response

**Style Designator:**

Straight thru

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
