Special Features:

1/4 in. Orifice, max operating pressure difference 250 psi, min operating pressure difference 10 psi, 120 vac, 60 hz, 1/4 in. Nom pipe sz, body matl brass, seat matl buna-n synthetic rubber or ethylene propylene synthetic rubber, max operating pressure 500 psi temp rating 200 degrees f, high temp molded coil class h, 4-way, 0.128 amps, sgl solenoid

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A506h0
