Special Features:

Solenoid electric power 18 to 29 volts dc, per mil-std-704 70 amps at 75 deg, 0.5 gal per min flow rate, m65 to 275 degrees operating temp, mil-h-5606 hydraulic fluid media, 3000 psi operating pressure, 4500 psi proof pressure, 7500 psi burst pressure min; cognizant service: air force

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A506h0
