Bonnet Attachment Method:

Integral

Flange Shape:

Round 1st end

Connection Type:

Flange 1st end

Features Provided:

Bonnet packing

Voltage In Volts And Current Type:

26.0 dc

Outside Diameter:

2.625 inches 1st end

Face To Face Distance:

3.062 inches

Flange Face Design:

Raised straight 1st end

Special Features:

Indicator, position 1

Material:

Steel body

Style Designator:

Straight through flanged ends

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
