Thread Direction:

Right-hand 1st end

Flow Control Device Normal Operation Position:

Closed

Valve Operation Method:

Solenoid

Connection Type:

Threaded internal boss 1st end

Mounting Position:

Vertical

Voltage In Volts And Current Type:

24.0 dc

Material:

Steel seat

Style Designator:

Straight thru

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A046b0
