**Current Rating In Amps:**

2.000

**Voltage In Volts And Current Type:**

26.0 dc

**Face To Face Distance:**

2.590 inches

**Special Features:**

Inside diameter of body employs a nine inch diameter butterfly

**Style Designator:**

Straight through flanged ends

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A046b0
